

Ohio Department of Natural Resources
RARE PLANT SURVEY FORM

Scientific name: _____ EOID#: _____ EO#: _____ New: _____
 Surveyor(s): _____ Date: _____
 Email: _____ Phone: _____
 County: _____ Township: _____
 Site name: _____ Owner name: _____
 Directions (and/or attach map): _____

GPS Coordinates (latitude / longitude in decimal degrees with at least 4 decimal places)

Latitude: _____

Longitude: _____

(GPS instructions: If collecting one point – record at center of population; for multiple points – record boundary or perimeter of population; otherwise – explain what the coordinates represent. Please provide a shapefile if possible.)

Phenology:	# Individuals:	Population Area:	Population health:
In leaf	1-50	1-10 sq. meters	Poor
In bud / flower	51-100	10-100 sq. meters	Fair
In fruit	101-1000	100-1000 sq. meters	Good
Vegetative Reproduction	1000+	1000+ sq. meters	Excellent

Comments on above: _____

Threats to population (E.G. succession, invasive species, habitat alteration): _____

General comments on population health and threats: _____

Habitat:

Aspect:

N

E

S

W

Light:

open

filtered

shade

Topographic position:

crest

slope

bottom

Comments:

Substrate / soils:

Associated natural / plant community:

Associated dominant species (< 5 species):

Plant identification

Observation only: Yes No

Specimen collected: Yes No

Collection # and repository of each specimen collected:

Photographs included: Yes No

Description of photograph (E.G. habitat, plant diagnostic feature, other):

Plant identification confirmed by:

Please submit personal / agency field data forms, digital data (GIS or spreadsheet), or this form to:
